X. LESSON PLANS

A. Lesson plans will be required for all in-house training courses. The plans will be submitted to and filed with the Training Manager and approved when consistent with Department policy.

XI. TESTING

A. Training will most often include testing to determine if the objectives of the course were met. Testing will be done by using performance objectives as a guide. Written testing, oral tests, or evaluation of performance, improvement, or a combination may be used.

XII. TRAINING RECORDS

A. The Department will provide and document Perishable Skills Program (PSP) training and guidelines as mandated by the California Peace Officer Standards and Training including, but not limited to, use of force, emergency vehicle driving, firearms, and working with vulnerable populations.

B. All training records will be kept up to date by the training staff via an attendance roster submitted by the instructor. Training records may be released to outside agencies at the employee's request or permission, and when subpoenaed by court order.

XIII. DUTIES

A. Instructors

1. Instructors shall submit a class roster for each course taught within a week of course's end. If the course lasts more than one session, the instructor shall obtain and submit a roster for each session. Each instructor is responsible for maintaining the instruction for the course length. Rosters are to be sent to the training management for the appropriate documentation in the employees training record.

B. Supervisors

1. All supervisors are responsible for discipline of subordinates while attending training. The essential nature of the training must be considered by supervisors before granting vacation or earned time off. Supervisors who participate in training shall ensure their subordinates are not tardy or a class problem.
2. Supervisors are further responsible for the schedule revision(s) necessary to ensure an employee works the appropriate number of hours in a pay period.

XIV. EMPLOYEE RESPONSIBILITY: IN-HOUSE TRAINING

- A. Employees are responsible for their attendance at scheduled training. Should an employee miss scheduled training, they will be rescheduled and their supervisor will be notified for the appropriate level of discipline.
- B. Employees are expected to participate in the training and to conduct themselves in such a manner as to promote an atmosphere of learning.

XV. EMPLOYEE RESPONSIBILITY: OFF-SITE COURSES

- A. Employees who are to attend off-site courses will be notified by the Administrative Services Division via their division. It is important that the student contact the Administrative Services Division as soon as possible after notification to facilitate travel and lodging arrangements.
- B. When personnel on the 10-Plan are scheduled to attend extended training, they will be placed on an 8-hour schedule beginning on Sunday, of the week(s) of attendance. On the Sunday following the school, they will resume the 10-hour schedule.

1. Supervisor's Responsibility (NOTE: A "week" under the 10-plan is Sunday - Saturday.)

- a. One- or two-week schools: When travel to school is involved, supervisors will carry attendees as "V" on Sunday and Saturday of the week(s) involved, and "SCH" for the actual school days (Monday-Friday).

ONE WEEK SCHOOL						
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
V	SCH	SCH	SCH	SCH	SCH	V

TWO WEEK SCHOOL						
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
V	SCH	SCH	SCH	SCH	SCH	V
V	SCH	SCH	SCH	SCH	SCH	V

Attendees will submit an overtime card for any actual travel time involved in traveling to the school and actual time returning to Stockton at its conclusion.

- b. When schools do not involve travel (i.e., SPD Firearms Instructors School) show attendees the same as in the above examples, thus maintaining a 40-hour week. They will return to the normal 10-plan schedule on Sunday of the week following the school.
- c. When a school is less than 40 hours in length, (i.e., 3 days, 24 hours) supervisors must ensure officers receive proper hourly credit for that week by adding actual travel hours, if applicable, to the 24 hours of said school.

EXAMPLE: School Hours - 24; travel to Bay Area two hours each way equal to four hours, Total 28 hours.

At this point, supervisors must arrange for officers to work an additional 12 hours to total 40 hours for that week. This would not preclude the expenditure of any available leave for these 12 hours, if desired.

- d. Unit training, (SWAT, FTO, K-9, etc.) will NOT be considered a "school"; therefore, officers will be carried as "T" or "S/A" on the Daily Assignment Sheet while attending such unit training.

2. Attendee's Responsibility

- a. Personnel attending training will be responsible for turning in an overtime card as "OT" for the actual travel time involved which exceeds the 40 hours of school attendance. The overtime card shall be marked "Travel Time (hours)" Sacramento, Oakland, etc., to attend FTO Schools, etc., and shall be submitted to the Training Section for review.

EXAMPLE: A 40-hour school in the Bay Area as:

- (1) Training: 40 hours
 - (2) Travel: 2 hours each, total 4 hours. The 4 hours are to be submitted on an overtime card as "OT."
- b. Attending a 40-hour school with no travel involved would not necessitate an overtime card.
 - c. When attending a school of less than 40 hours in length, personnel must account for 40 hours including actual travel time. (Refer to letter C under "Supervisor's Responsibility" for an example.)

NOTE: In-house Wednesday training sessions are not affected by this order.

- C. Employees will receive City funds for travel, tuition, and subsistence for attending an assigned course. City and Department guidelines pertaining to said funds will be explained at that time.
- D. Employees attending overnight, out-of-town training may be required to submit receipts for lodging and authorized incidental expenses. To allow for timely processing, these receipts should be submitted to the Administrative Services Division immediately upon returning to regular work. In no case shall such receipts be submitted later than five business days after the conclusion of the school/training.
 - 1. Personnel who do not provide the necessary travel receipts will not receive credit for their training until the necessary documentation is received, and the training paperwork is finalized with the primary trainee's signature on the travel form.
- E. An up-to-date filing of off-site courses being offered will be maintained by the Training Manager. Personnel requesting a school must do so via the chain of command.

XVI. REMEDATION

- A. Remedial training available through the Training Section shall be the responsibility of the Training Manager. Written documentation is required before such training is scheduled. Remedial training will be arranged when it is clear additional training will correct the deficiency.
